

SHUJAAH MASOOD

Full-Stack, Flutter & AI Developer | QA & Data Validation

PROFESSIONAL SUMMARY

Software Engineering graduate with 3 years of hands-on experience building web, mobile and AI products, and a strong QA and data validation background. Skilled in Flutter, Firebase, React and LLM integration, as well as designing test cases, reporting defects, and validating data across SQL, Excel and API sources. Comfortable with the SDLC, Agile practices and technical documentation. Seeking a software, QA or data role where I can contribute immediately and keep growing.

EXPERIENCE

Freelance Full-Stack, Flutter & AI Developer

2023 - Present

Self-employed | Islamabad, Pakistan

- Built web apps, Flutter mobile apps, WordPress business sites and AI chatbots across 100+ GitHub repositories.
- Integrated LLMs (Claude, Gemini, DeepSeek) into assistants and automation workflows for lead capture, email replies and reporting.
- Delivered responsive, SEO-ready interfaces with Firebase, Node.js and REST API backends.

QA Tester - Home Management System

Oct 2025 - Mar 2026

Final Year Project | Flutter, Dart, Firebase

- Designed and executed test cases for a dual-role app (user and worker flows), covering usability and edge cases.
- Tested authentication, role-based access, real-time status tracking and data synchronization across sessions.
- Documented 50+ defects with severity, steps to reproduce and expected vs. actual results; re-tested fixes and ran regression checks.

Testing & Validation - Sales Analytics Dashboard

Academic Project

Power BI, SQL, Excel

- Validated dashboard data and visuals against SQL, Excel and API sources; checked consistency across ETL outputs.
- Tested slicers, drill-through navigation and filters on large datasets; found duplicate records and calculation issues.

SELECTED PROJECTS

- Home Management System** - Real-time service marketplace connecting homeowners with plumbers, electricians and cleaners. Flutter, Firebase Auth, Firestore.
- AI Chatbot Assistant** - Customer-support chatbot with conversation memory, custom knowledge base and embeddable widget. Python, LLM API, React.
- Restaurant Ordering App** - Menu, cart, checkout and live order tracking with an admin panel. Flutter, Firebase.

EDUCATION

Bachelor of Software Engineering

2026

Ibadat International University, Islamabad

SKILLS

Testing & QA

Manual testing, Test cases, Regression, Usability, Defect reporting

Frontend

HTML/CSS/JS, React, Next.js, Tailwind

Backend

Node.js, Express, REST APIs, Python

Mobile

Flutter, Dart, Material UI

Data

SQL, Power BI, Excel, Google Sheets, Data validation

Database

Firebase / Firestore, MongoDB

AI

LLM integration, AI agents, Prompt engineering

Tools

Git, GitHub, Netlify, Vercel, WordPress, Figma, SEO

LANGUAGES

English (Fluent)

Urdu (Fluent)
